Remember that you can also change the general personalization of the icons of your PC in the section of the Control Panel, as the appearance of the icon of the computer; of that way you can have a more dynamic environment with the items of the game!

The files are in the ICO format, so this DLC is designed for its function in Windows operating system; remember to use the dimensions of 256x256 for best results if the icon will have to be shown automatically in various sizes along the Pc. In other cases you may need the 16x16 for specific thumbnails.

The DLC will be downloaded in the original route of the base game:
